MEMBERSHIP: Access <<http://iowabirds.org>> for membership information. The IOU is a state-wide organization for anyone who enjoys birds.

IA-BIRD LISTSERV: Reports on current bird sightings are posted almost daily on the IA-BIRD listserv. Post to iabird@lists.iowabirds.org. Subscribe at <<http://iowabirds.org>>.

REPORTING SIGHTINGS: Observers are encouraged to submit significant records to the IOU seasonal field reports editors. These may be entered on the IOU web site <<http://iowabirds.org>> or by sending sightings to the seasonal editor (see inside front cover of *Iowa Bird Life* for deadlines and addresses).

Unusual sightings should always be substantiated by notes taken at the time of observation and, if possible, with photographs. Species for which details are desirable are indicated with an asterisk (*) on this checklist. Birds listed as Casual or those not on this checklist should always be documented. Documentations may be completed on-line at <<http://iowabirds.org>> or sent to the seasonal field reports editor. Also document species seen out of season. Documentations will be reviewed by the field reports editors or the IOU Records Committee.

The IOU, in partnership with Iowa Audubon, is actively involved in identifying Iowa's Important Bird Areas (IBA) and monitoring bird populations in these areas. IBA criteria species—endangered, threatened, or of conservation concern—are indicated on the checklist by a pound sign (#). Please report your encounters with these species.
